

## Supreme Armored Division Announces New SWAT Avenger

Cleburne, TX (January 26, 2011)

Supreme Armored Division, a subsidiary of Supreme Industries (NYSE Amex Equities: STS) today announced the launch of the company's **newly designed Slim Line SWAT Avenger** vehicle. The Slim Line Avenger allows agencies to safely maneuver into space challenging areas such as narrow streets, alleys and gates. **The Slim Line Avenger** - complete with super single tires, is a perfect addition to our full size dual rear wheel SWAT Avenger.

AVENGER SLIM LINE

Retractable aluminum bar grate running boards on the **Slim Line Avenger** will further allow the vehicle to ease between parked cars and other obstacles that will be encountered.

**The SWAT Avenger is available on the GSA SCHEDULE 84 and sports many standard features:**

- 30.06 AP Protection
- Standard dual rear wheel tires - (optional super single tires on the Slim Line model)
- 10 - 12 Passenger Seating
- Dual A/C compressor, condenser and evaporator
- Full length bench seats with storage
- 6 Gun Ports
- Electric shooters stand
- Rotating gun turrets
- Multiple door lock positions
- Roof access steps
- Kussmaul autocharge with auto eject
- Receiver tube for front or rear for winches, ram bar or towing
- Retractable aluminum bar grate running boards standard on the Slim Line Avenger

AVENGER

**SWAT Avenger is further complimented by an array of options:**

- Roof access steps/Power inverters
- Siren, PA system/Clean air filtration systems
- Remote control spot lights/Light bars/Strobe lights
- Run flat tire inserts/Thermo Imaging cameras
